Matthew 5:27-30 New Revised Standard Version (NRSV)

"You have heard that it was said, 'You shall not commit adultery.' But I say to you that everyone who looks at a woman with lust has already committed adultery with her in his heart. If your right eye causes you to sin, tear it out and throw it away; it is better for you to lose one of your members than for your whole body to be thrown into hell. And if your right hand causes you to sin, cut it off and throw it away; it is better for you to lose one of your members than for your whole body to go into hell.

"The ultimate measure of someone is not where they stand in moments of comfort and convenience, but where they stand at times of challenge and controversy."
~ Dr. Martin Luther King, Jr.

Pastor's Corner

Those dominant in Enneagram type Eight are fighters, dominant personalities, and full of embodied energy. At their best, they channel their outsized will, energy and personality to engage fully in doing justice (Micah 6:8) fighting against injustice. Martin Luther King, Jr. exemplifies these characteristics. Their notable struggle is with lust--the outsized desire for bigger, better experience, for power and control. Since Eights tend to take a stance against (everything), their call into contemplative relationship with God involves a consent to stillness, where they choose to stop their frenetic activity and just be in the presence of God. To relax and relent their hold on control of their surroundings and let God (act, speak, or wait.)
